

XANGO FAVAO™ Ignite

XANGO FAVAO Ignite combines key ingredients to help your blood vessels relax and dilate, delivering critical nutrients and oxygen for peak performance of your muscles, tissues, and organs.* Enhanced oxygen circulation allows for increased athletic performance and focus, keeping you sharp physically and mentally.* Go further. Perform better. Be stronger.

CLAIMS

- Promotes oxygen and nutrient delivery, while supporting muscle growth and enhanced cardiovascular performance*
- Supports superior exercise performance and accelerated recovery*
- Formulated L-Arginine to encourage optimal body-oxygen circulation, aiding mental acuity and endurance.*

DIRECTIONS OF USE

- Recommended Use: Mix one scoop with 10-12 oz. of cold water. Stir well and drink immediately, do not shake.
 - For daily use: Take 1x daily as needed for cardiovascular and anti-aging support.
 - For exercise: Take 15 minutes prior exercise for best results.

INGREDIENTS

- **Arginine:** Arginine is an amino acid building block necessary for the production of proteins. One of the most famous benefits for arginine is its ability to induce vasodilation.
- **Citrulline:** Citrulline is a non-essential amino acid that is a precursor to L-arginine in the body, which means it also has a role in the production of nitric oxide. Like arginine, citrulline is known to induce vasodilation.
- **L-Norvaline:** L-Norvaline works to indirectly increase the amount of nitric oxide present in the body by acting as an arginase inhibitor. Arginase is an enzyme that causes the excretion of arginine from the body by converting it to urea. As L-Norvaline inhibits arginase, the result is more available arginine in the body that is then converted into nitric oxide, which is beneficial in causing vasodilation.
- **Beet Root Extract:** Beet root extract is naturally a saturated source of nitrates. The body uses nitrates to be converted into nitric oxide, which is known to cause vasodilation.
- **Mangosteen Fruit Powder:** *Garcinia mangostana* Linn. (GML) is rich in antioxidants and phytonutrients that combat free radicals. Free radicals increase aging of cells.

FAQ

Q. What is the difference between XANGO FAVAO Limitless and XANGO FAVAO Ignite?

A. XANGO FAVAO Limitless offers sustained energy and can be taken any time throughout the day. Benefits include energy, focus, and hydration. XANGO FAVAO Ignite gives you an immediate performance boost and is also used for cardiovascular health and anti-aging support. XANGO FAVAO Ignite does not give you sustained energy throughout the day.

Q. Can you take XANGO FAVAO Limitless and XANGO FAVAO Ignite together?

A. Yes, both products can be consumed daily. It is best to take XANGO FAVAO Limitless 1-2 hours after XANGO FAVAO Ignite.
